

TAILORED SOLUTIONS

CONTRACT MAINTENANCE

**Improved Outcomes,
Bespoke Outsourced
Maintenance Solutions**

For Companies who operate with both scheduled or unscheduled maintenance, Tecside Groups bespoke offering may be the right solution for your business. Our tailored solutions provide increased productivity, improved cost efficiencies and asset optimisation.

Through our Contract Maintenance experience we are able to deploy bespoke Maintenance Teams to ensure the smooth day to day operations of your facility.

With this model, we supply the workforce required to facilitate ongoing maintenance on our Clients facilities and equipment, whilst our Client retains the overall management control, and approval responsibilities.

HOW IT WORKS?

Tecside Group experienced team of industry professionals partner with your organisation to develop a bespoke maintenance, shutdown or project strategy, optimising business outcomes.

Tecside Contract Maintenance is designed to provide meaningful business improvement initiatives to fully utilise your assets.

Tecside Group provides multidisciplinary maintenance services to support our partners assets. Our services include planning, reliability, supervision and execution of routine, preventative and breakdown maintenance to aid in achieving sustained operational excellence of your facilities.

INCREASED RELIABILITY

Tecside Group treat your assets as if they were our own. We deliver long term maintenance contracts and work collaboratively with our partners ensuring optimal plant productivity. We provide consultation and integration with our partners systems to develop and execute reliable solutions for your business.

IMPROVED EFFICIENCY

Our Contract Maintenance service offering is tailored to your project scope, location and asset requirements. We offer bespoke and scalable workforce solutions to support you in your goals - whether that be maintaining, expanding, moving or transforming your organisation - in the most efficient and productive way possible.

ASSET OPTIMISATION

Tecside Contract Maintenance solutions incorporates a proactive maintenance approach, for ultimate asset management. Our bespoke consultative solution has been designed with the industry experience and knowledge essential for optimising the life span of your assets. Our asset management strategy can deliver significant financial and performance service improvements.
